

SA COULD BE OVERRUN BY GM CROPS AFTER THE MARCH ELECTION

GM Canola crop trial near Penola 2004

TAKE ACTION TO SAVE
OUR MORATORIUM
ON GM CROPS

Write to your local
Member of Parliament
and **local council**
(use our pro forma letters
or write your own)
before the next election
to let them know
that **you don't want**
GMO's in your food chain
and urge them to

For more information go to:
www.sagfin.org.au
or
email: sagfin@internode.on.net

Your food is under threat!

After Victoria dropped its moratorium and allowed the commercial cultivation of GM canola, feral GM canola was found growing along roadsides & GM contamination was discovered in beehives.
